UNFINISHED BUSINESS:

Council President Zalom stated that she received a call from Joe Yewaisis from Save Barnegat Bay and he was questioning why he can not place signs on the telephone poles. She advised him that it is a state law and maybe he should get signs like the real estate and business contractors have. He stated that he would have to do that.
She also stated that John from Coast Cities brought the bus down for the mechanic to inspect. She said that the seats are very worn but the bus seems to be running okay. The bus would strictly be used for local events it can not be taken out of state or very far.

Councilman Lamb requested that this matter be discussed in Executive Session because he is not comfortable with purchasing a new bus before matter regarding the bus the Borough lease from Mr. MacDuffie is resolved.

Councilwoman Wenzel questioned the ice cream vendors and the fees. She thinks Council needs to look into increasing the fees.

Councilman Ardito stated that some business owners were complaining they were not obeying the laws.

Councilwoman Filippone suggested that Mr. Parlow speak to neighboring towns on what they charge. She also thinks the construction fees need to be increased also.

Council President Zalom stated that they are only allowed to sell in places of resort.

Councilman Ardito questioned Mr. Parlow on how the energy audit is going.

Mr. Parlow stated that five companies were pre qualified to do this and only two bids were received varying in price. One was $30,000 and the other was $125,000. He has consulted with the firm that is overseeing the program on behalf of the State and due some irregularities with the proposals it was agreed that new proposals should be requested. Lavallette will only be responsible for 25% of the fee with the State matching the additional 75%.

Mr. Parlow stated that each ice cream vendor is charged $1,000.00 and there are no provisions in our code book as to where they can sell the ice cream. The only provision we state is that they cannot park in handicap spots and at a yellow curb. They are allowed to sell from their vehicles from 10am to 8pm.

Council President Zalom stated that she attended the CDBG meeting at the County and we are hopefully going to be receiving $60,000 for 2009. They are going to be holding two hearings in January and February so she will be meeting with her committee to put together some ideas. They are only giving handicap grants this year so whatever we do has to accommodate the handicapped.

Council President Zalom stated that she would like to know what the outcome is with the two hour parking situation.

Mr. Parlow stated that he was contacted by the State. If they approve the regulation there will be not permit fee associated with the sign placement. The Borough will have to assume the cost of the signs and installation.
Council President Zalom stated that she would like to get this going. The Parking Committee already decided that no one should be charged for requesting a sign.

Mayor LaCicero asked that an Ordinance or Resolution be put on for the next meeting.

Mr. Parlow stated that it can be done by Resolution unless the Council wishes to assess the fee. If so an ordinance will need to be prepared.

Council President Zalom stated that Mr. Parlow checked with surrounding towns and no other town requests a fee from their business owners.

Mayor LaCicero requested that the resolution be placed on the December 22nd agenda.

NEW BUSINESS:

Councilwoman Wenzel stated that she would like to see discounted badge for veterans like we do for seniors. This is something we should really look into.

She also thinks that the town should give a Halloween curfew to registered sex offenders and also make them put a “No Candy” sign during Halloween. The Borough needs to protect our children and these are some ways of doing that.

Mr. George stated that he was not sure if we could order someone to put a “No Candy” sign no matter

Councilwoman Wenzel stated that the Environmental Committee has had three meetings for this year. They have a full calendar of meeting dates for the new year. Once a month the committee will be having guest speakers to speak at the library. The committee is in the process of applying for a $7,500 grant for native plantings at the Bayfront. The application will be on for approval at the next meeting. The committee would also like to create a guide similar to the “The Blue Pages-LBI” that gives some insight to our town and the environment.

Mr. Parlow stated that we have received our first residential parking permit application from Virginia Schwanda at 15 Kerr Avenue. He did a site inspection and she meets the criteria for the permit.

Councilwoman Wenzel questioned if we ran the signs and decals by the Chief and the Prosecutor to make sure they were okay.

Mr. Parlow stated that the decals and signs have already been taken care of.

Mayor LaCicero stated that he is not happy with the survey that was attached. It is over ten years old. He did not have a problem with as long as the homeowner signs an affidavit of waiver stating that there has been no work done since 1988.

COMMENTS FROM THE PUBLIC:
Tony Gallo, 215 Newark Avenue questioned what can be done about the Sica house on West Point Island that has been undergoing construction for over three years already.

Mayor LaCicero stated that maybe we should look into taxing on improvements within a certain time period.

Mr. Gallo questioned how long they can build and do improvements for?

Mayor LaCicero stated that there is no time period as long as the work is continuous. Maybe we should look into tightening up the Ordinance.

July Farfalla, 15 Bond Avenue questioned how the police are going to be able to tell if someone has over parked for the two hour time period on the highway, especially in the summer?

Mr. Parlow stated that Chief Grant is on the Parking Committee and he states that it will have to be the business owners who are monitoring the spaces and contacting the Police Department.

Mayor LaCicero stated that he thinks the Chief is well aware of the situation and has a plan in place.

Councilwoman Wenzel stated that we are just moving around the same amount of cars, the problem is we are pushing them into the residential neighborhoods.

**COMMENTS OF THE MAYOR AND COUNCIL MEMBERS:**

Councilman Stogdill stated that we received a map of our town from the Census Bureau depicting all of the Borough streets and boundaries. Mr. Parlow will make sure everything on the map is correct and get it back to them by March 1st.

Councilwoman Wenzel questioned whether the Borough is going to meet the deadline of December 31st for our COAH obligations?

Mr. George asked that we discuss that in Executive Session.

Mayor LaCicero stated that on the dais for the Council Members are proposed meeting dates for 2009 and the Rules of Order. He asked Council to review them and get back to him with any changes.

**EXECUTIVE SESSION:**

Mr. George stated that the Mayor and Council need to going into executive session to discuss potential litigation involving COAH, litigation involving the bus lease, litigation involving the DEP and the IP, litigation involving Mr. Gallo, litigation involving the Cavanaugh matter, personnel matters relating to PW and a police investigation with no action being taken afterward.
